WEST COAST CERD STRATEGY SESSION FOR
ORGANIZATIONS INTERESTED IN RACIAL
JUSTICE

Geneva was a success but now it is time to put our collective energy into action through ICERD implementation. Join us in a strategy session to draw up concrete legislative and campaign actions that build off the success of the CERD U.S. Shadow Reporting process. We need your input to formulate a National Action Plan and map out national and local strategies for CERD implementation and accountability.

Limited financial assistance will be available for grassroots organizations. Please send in registration ASAP. Questions: Ramona.ortega@gmail.com
